ARDASHIR = ARTAXERXES

Sassanids Conquer Persia
Artaxerxes had laid the foundation of
a Great Middle Eastern Empire
when c 224 he defeated the Parthians,
killed their last ruler, and captured
their capital, CTESIPHON, on the
Tigris R. This empire stretched
from Mesopotamia to the Indus and
north to the Aral Sea. Persia was

thus reunited after a period of decline
under the Seleucids and the Parthians.

Ardashir made monotheistic Zoroastrianism
the state religion, endowing the priests with
great power and proclaiming the King
to be vice-regent on earth of the great
creator, AHURA MAZDA. Persecution of Christians
led to a series of wars with Byzantium, from
which the Sassanids emerged even ^{the} more
powerful.
